Dear Potential Supporter,

The Teton County Firefighters Local 4667 would like to cordially invite you to support the National Fallen Firefighters Foundation by sponsoring the Teton County Firefighters Golf Tournament. As the inaugural year for this tournament, we hope strong community support and multiple sponsorship options will make it a long-standing tradition for the Teton Valley.

The National Fallen Firefighters Foundation is a foundation created by the U.S. Congress in 1992 to not only honor the fallen firefighters in our nation, but also to provide help and assistance to their survivors in rebuilding their lives. In 2004 the National Fallen Firefighters established an annually golf tournament with the goal of raising money to help those who have lost a firefighter in the line of duty.

Each year there are in excess of 100 firefighters who die in the line of duty while serving their communities, and as an International Association of Firefighters Local, we would like to honor these brave heroes who gave their lives to support others. To that end, we would invite your not only to join us on **July 23 at the Teton Springs Headwaters Club** for a golf tournament, but also to sponsor our cause. Included below are the various levels of sponsorship. We are certain than one of the various choices will successfully highlight your organization while supporting the heroes who watch over all of us.

If you have any questions or would like additional information please feel free to call me at the number of above at your convenience. With your support we will raise money to help those families who have lost a father or mother, husband or wife and honor those that have fallen in the process.

Thank you very much for your consideration.

Sincerely,

Marc Anderson.
IAFF Local 4667
